RE: Introduction of Inogen® Rove 4™

Dear valued customer,

We are proud to announce the market release of the Inogen® Rove 4™ Portable Oxygen Concentrator.

With an additional fourth flow setting delivering up to 840ml/min of medical grade oxygen, in a lightweight user-friendly design (≤ 3 lbs^{5,2}) and three battery configurations providing up to 5 hours and 45 minutes of operation⁴, the versatility of Rove 4 empowers patients with choices that may help them with normal activities of daily living.

Designed for reliability, the Rove 4™ offers a best-in-class expected service life of up to 8 years³.

The Rove 4 utilizes Inogen's patented pulse-dose Intelligent Delivery Technology¹, to quickly detect a breath and deliver oxygen within the first 250 milliseconds of the inspiration, where oxygen has the most effect on lung gas exchange.

The Inogen® Rove 4™ will be replacing our Inogen One® G4 Portable Oxygen Concentrator. A separate communication outlining the G4 end of life plan will follow shortly and G4 remains available for purchase until further notice.

Please see the attached brochure for additional details and reference Addendum A for a list of Catalog Numbers for the Inogen Rove 4™ system.

To learn more, or to place an order, please contact your Inogen representative, or customer services at +31 346 216 985 or info-eu@inogen.net

Thank you for your continued business. We look forward to supporting you and your patients in the future.

Sincerely,

Joris van den Bergh

Vice President International Business Sales

¹ Pulse-dose based Intelligent Delivery Technology® ensures that oxygen therapy is delivered efficiently and effectively in all modes of use. ² 2.9 lbs when used with standard battery delivering up to 840 ml/min of medical grade oxygen. Tested against current POCs available on the market. Data on file and available upon request. ³ When used for less than 8 hours per day. ⁴ At setting 1. ⁵ Exact weight dictated by battery option.

ADDENDUM A: Inogen Rove 4 System Catalog Numbers

Catalog Number	Description
IS-401-XX4*	Inogen Rove 4 System 4 Cell Intermediate Battery (XX=country specific code)
IS-401-XX8*	Inogen Rove 4 System 8 Cell Battery (XX=country specific code)
BA-400*	Inogen Standard 4 cell Battery (compatible with Inogen One G4 and Rove 4)
BA-404*	Inogen Rove 4 Intermediate 4 cell Battery
BA-408*	Inogen Extended 8 cell Battery (compatible with Inogen One G4 and Rove 4)
BA-403*	Inogen External Battery Charger with Power Supply, AC cord based on country code (compatible with Inogen One G4 and Rove 4)
BA-402*	Inogen AC Power Supply, AC cord based on country code
BA-306*	Inogen DC Power Cable (compatible with Inogen One G3, G4, G5 Rove 4 and Rove 6)
CA-400*	Inogen Carry Bag (compatible with Inogen One G4 and Rove 4)
CA-450*	Inogen Backpack (compatible with Inogen One G4 and Rove 4)
CA-410*	Inogen Hip Bag (compatible with Inogen One G4 and Rove 4)
RP-450*	Inogen Rove 4 Particle Filter
RP-411*	Sieve Beds (Column Pair)
RP-412*	Rove 4 Cannula Barb Output Filter Replacement Kit
RP-109*	AC Cord, USA
RP-115*	AC Cord, United Kingdom
RP-116*	AC Cord, Continental Europe
RP-120*	AC Cord, Australia
RP-145*	AC Cord, South Africa
RP-227*	AC Cord, Switzerland
RP-125*	Cable Fuse for automobile cable (for use with BA-306)

**Product availability subject to completion of local registrations.*
